"Current Trends in Management and Treatment of Transplant Patients" Friday, March 26, 2021 Virtual Event

PROGRAM OVERVIEW

Due to the constant evolution in transplantation care and innovation, there is often a need for improvement of comprehension in this population. Physicians organ wide, should be familiar and well-practiced in solid organ transplantation trends such as COVID-19 and transplant, equity and innovation in cardiac transplantation, desensitization strategies and outcomes in cardiac transplantation, uterine transplantation, pregnancy and transplantation, understanding transplantation in the VA, surgical advancements in kidney transplantation, patients perspective, and the role of advanced practice providers in transplant care.

TARGET AUDIENCE

Physicians, Registered Nurses, Mid-Level Providers, Transplant Coordinators, Social Workers, Students, Residents, Fellows and other Healthcare Professionals

EDUCATIONAL METHODS

Lecture, Panel Discussion, Question and Answer Session

EDUCATIONAL OBJECTIVES

At the conclusion of the activity, participants should be able to:

- Describe the latest in transplantation technology
- Describe the role of the advanced practice professional in transplant care
- Explain the protocols for recently COVID-positive patients receiving transplants.

EVALUATION

Evaluation by questionnaire will address program content, presentation, and possible bias.

ACCREDITATION/CREDIT DESIGNATION

Physician

Baylor College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Baylor College of Medicine designates this live activity for a maximum of 8.25 AMA PRA Category 1 Credits[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Social Worker

Baylor College of Medicine, Division of Continuing Professional Development (License Number 7270) is an approved continuing education provider for Social Workers through the Texas State Board of Social Worker Examiners. This activity has been approved for 8.25 continuing education units.

CLAIMING CREDIT

After the conference, an email will follow from the Baylor College of Medicine Office of Continuing Medical Education with instructions for completing the evaluation and obtaining your CME, Certificate of Attendance, or CE Certificate (if applicable).

"Current Trends in Management and Treatment of Transplant Patients" Friday, March 26, 2021 Virtual Event

DISCLOSURE POLICY

Baylor College of Medicine (BCM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education (CME) for physicians. BCM is committed to sponsoring CME activities that are scientifically based, accurate, current, and objectively presented.

In accordance with the ACCME Standards for Commercial Support, BCM has implemented a mechanism requiring everyone in a position to control the content of an educational activity (i.e., directors, planning committee members, faculty) to disclose any relevant financial relationships with commercial interests (drug/device companies) and manage/resolve any conflicts of interest prior to the activity. Individuals must disclose to participants the existence or non-existence of financial relationships: 1) at the time of the activity or within 12 months prior; and 2) of their spouses/partners.

In addition, BCM has requested activity faculty/presenters to disclose to participants any unlabeled use or investigational use of pharmaceutical/device products; to use scientific or generic names (not trade names) in referring to products; and, if necessary to use a trade name, to use the names of similar products or those within a class. Faculty/presenters have also been requested to adhere to the ACCME's validation of clinical content statements.

BCM does not view the existence of financial relationships with commercial interests as implying bias or decreasing the value of a presentation. It is up to participants to determine whether the relationships influence the activity faculty with regard to exposition or conclusions. If at any time during this activity you feel that there has been commercial/promotional bias, notify the Activity Director or Activity Coordinator. Please answer the questions about balance and objectivity in the activity evaluation candidly.

DRUG/DEVICE STATUS DISCLOSURE

Some drugs/devices identified during this activity may have United States Food and Drug Administration (FDA) clearance for specific purposes only or for use in restricted research settings. The FDA has stated that it is the responsibility of the individual physician to determine the FDA status of each drug or device that he/she wishes to use in clinical practice and to use the products in compliance with applicable law.

Baylor College of Medicine requires that all faculty/presenters disclose an unlabeled use or investigational use of pharmaceutical and medical device products, and provide adequate scientificand clinical justification for such use. Physicians are urged to fully review all the available data on products or procedures before using them to treat patients.

"Current Trends in Management and Treatment of Transplant Patients" Friday, March 26, 2021 Virtual Event

PLANNING COMMITTEE AND FACULTY/PRESENTERS

The following planning committee members and faculty/presenters have reported no interest or other relationship(s) with commercial interests (drug/device companies) that may relate to the educational content of this activity.

All of the relevant financial relationships listed for these individuals have been mitigated.

Name	Role(s)		Relationship(s)
	Planning	Faculty/	
	Member	Presenter	
Lauren Baker, MSID			
Quality Data Analyst	•		Nothing to Disclose
Baylor St. Luke's Medical Center			
Ankit Bharat, M.D.			
Chief of Thoracic Surgery		•	Nothing to Disclose
Northwestern University Feinberg School of Medicine			
Chicago, Illinois			
Kandice Blythe		•	Nothing to Disclose
Liver Transplant Recipient			
Susan Bourgeious, M.S.N., RN			
Director of Transplant Quality/Patient Safety	•		Nothing to Disclose
Baylor St. Luke's Medical Center			
Mats Brännström, M.D., Ph.D.			
Professor/Chief Physician			
Department of Obstetrics and Gynecology University		•	Nothing to Disclose
of Gothenburg			
Gothenburg, Sweden			
Andrew Civitello, M.D., FACC			
Assistant Professor of Medicine, Cardiology	•		Nothing to Disclose
Medical Director, Heart Transplant Program			
Sunjay R. Devarajan, M.D.			
Assistant Professor of Medicine, Pulmonary/Critical		•	Honorarium: PriMed CME
Care Davies College of Madiaina			
Baylor College of Medicine		-	Nathing to Diseless
Parxann Dunn, PA-C		•	Nothing to Disclose
Instructor/Physician Assistant of Surgery			
Baylor College of Medicine			
Avegail Gascon Flores, M.D.			Nothing to Disclose
Assistant Professor of Medicine, Gastroenterology		•	Nothing to Disclose
Baylor College of Medicine Nhu Thao Nguyen Galvan, M.D., M.P.H., FACS			
Assistant Professor of Surgery			Research Support: Southwest Pediatric
